MTA 14.1 Carrier Common Line Access Service

A. Carrier Common Line Access Service provides for the use of MTA's common lines by interexchange carriers (IXC) for access to MTA's end users to furnish intrastate service.

Carrier Common Line Access is provided where MTA's end users subscribe to local exchange telephone service.

B. Limitations

1. A telephone number is not provided with Carrier Common Line Access.
2. Detail billing is not provided for Carrier Common Line Access.
3. Directory listings are not included in the rates and charges for Carrier Common Line Access.
4. Intercept arrangements are not included in the rates and charges for Carrier Common Line Access.

C. Undertaking of MTA

MTA will provide the use of MTA's common lines by an IXC for access to end users. The procedure for recovering the Carrier Common Line revenue requirement is set forth in these rules and regulations.

D. Obligations of the Customer

1. Any switched access service associated with Carrier Common Line Access shall be ordered under other sections of this tariff.
2. The IXC facilities at the premises of the ordering IXC shall provide the necessary on-hook and off-hook supervision.
